- The assets in these funds may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return.
- Fund returns are quoted before taxes and after a standard annual management charge which is displayed in the fund factsheet. Annual fund management charges are calculated and deducted based on the offer price of the fund. The unit price and value of the fund are always quoted after an allowance has been made for the fund management charge. The fund management charge will vary depending on the terms and conditions of your contract.
